APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept. The well shall be equipped with a 2-inch opening for measuring depth to water. If well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

No perforations shall be put in the casing until after the well is completed and the log available for study. Perforations shall not start less than 100 feet from the surface unless the log shows a satisfactory confining formation nearer the surface.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and

not to exceed 6.0 cubic feet per second, but not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/all sources.

Actual construction work shall begin on or before July 2, 1975

Proof of commencement of work shall be filed before August 2, 1975

Work must be prosecuted with reasonable diligence and be completed on or before July 2, 1976

Proof of completion of work shall be filed before August 2, 1976

Application of water to beneficial use shall be made on or before July 2, 1979

Proof of the application of water to beneficial use shall be filed on or before August 2, 1979

Map in support of proof of beneficial use shall be filed on or before August 2, 1979

Commencement of work filed AUG 27 1975

Completion of work filed AUG 27 1975

Proof of beneficial use filed AUG 28 1979

Cultural map filed AUG 28 1979

Certificate No. 10500 Issued DEC 13 1982
